NVCC recently hosted the 2<sup>nd</sup> Annual All American Iron show out at Old Dominion Speedway. There was a car show, drag races and the autocross on the oval for which NVCC hosted. It was a beautiful day and all had fun. I want to thank all of you that came out to work the autocross and make it yet another successful event.

The competition included Corvettes, Cobras, and Mustangs. The racing was intense with the top prize being heavily contested. Congratulations to Mike Woods and his continued domination and mastery of the ODS oval. Mike put street tires on his Z06 and took home the Fastest Stock time within 2 seconds of the FTD!. The Mike took home \$250. See overall results on page 8 in this issue. The real story was in the competition for FTD. Turned out the order in which people ran dictated the final results.

Randomly registering, the order of the three hot shoes turned out to be Mike Geyer (past winner of many of our high speed events) running first, Ralph Watts who has been coming on like gang busters lately, second, and finally, Mr. Quiet man himself, Mike Sarver. With 500 bucks on the line everyone was anxious. Geyer starts out with a 65.8 but with a pylon—67.8, next up Watts all over the place with 3 pylons, then Sarver with a 67.7 plus 1 pylon. First set to Geyer. Second runs. Geyer takes another pylon, Ralph goes clean with a 67.5 setting FTD. Mike Sarver still finding a pylon. Last run. Geyer run clean with a 66.989 for a new FTD! Mike starts counting the money. But wait. Ralph goes clean with a 66.9 with a 04, new FTD! Ralph ready for a night on the town. But wait one more time. Mr. Quiet the "old salt" of the autocross, Mr. "What waxes my C4, that's why it is black so I don't have to bother", Mike Sarver throws his black, old C4 around ODS like it was born there and runs clean with a 66.599!!! Show me da money! To the tune of \$500! Morale of the story: Don't let the old dog run last he'll 'getcha every time!

Stock winner Mike Woods

Modified winner Mike Sarver

Second place Ralph Watts

Third Place Mike Geyer

**Presidential Pontification by  
Jeff Kirk, Pres. NVCC**

All,

Just wanted to let you know that between this Tuesday and the meeting next month, choices will be made that will affect this club.

As there is every year, elections are around the corner, and several positions within the NVCC are open and need candidates. The club has been in a transitional phase over the last few years, and needs people that have ideas and the ability to bring them to bear in office.

For those who think they haven't been in the club long enough to matter or to help, I can only say to take a look at this years Social Director to see what a great job has been done with that position.

Every position within the NVCC Council is available for those who choose to carry the mantle, including mine. More importantly, the club needs your leadership, ideas, and brain power if it's to continue.

There are a few more hours involved for some positions, but being able to help others as well as grow this club into a large force within the Corvette and Northern Virginia community is a great thing and makes it all worthwhile.

I hope that many of you show up over the next two meetings and volunteer to carry the banner.

Jeff Kirk

**Z06 Electron Blue Zone by

Ok it certainly is official now. GM has started shipping the new C6. The NVCC has its first member with a great looking magnetic red, Z51 optioned C6. See Marsha Batchellor's comments and pictures of her new car in this issue.

NASCAR fans suck! That comment was made by me after going to the night races at Bristol, TN. My son and I exchanged our Daytona 500 tickets this year for the August Bristol event as it had been a few years since we had been to Bristol. I managed to score two additional tickets and took my other son and his son, Cooper. Some of you may remember Cooper. He is my grandson who I have promised my Z06 to when he goes to college. Yes he belongs to FCOA and shows everyone pictures of "his" Corvette and has any auto-cross trophies I have won, including the one from last years high speed event at the Convention, in his room. He is only 8 years old.

He has been bugging me that we had not gone to an auto race this year so off we went to Bristol.

It was embarrassing. So much so that it may take me a long time before I attend another Nextel Cup event, if ever.

A great many of the spectators are just animals. There were several things that annoyed me to where I was not enjoying a really great race at all.

Bristol Speedway has 162,000 seats, no posts, the track is only 1/2 mile long. so there is not a bad seat in the place. People still stand up ignoring the fact they are blocking the view of everyone behind them. Pure selfishness, arrogance and ego. Not just at the start or end of the race or during the wrecks but often for no apparent reason. Again there is no bad seat. Just damned rude as if they were the only people who paid \$130 apiece for the tickets.

Secondly yelling, screaming profanities, with hand gestures at drivers traveling at over 120mph. inside a bowl that couldn't hear or see them if they wanted to. The only reason I can think that people do this is to be rude, crude, show what jerks they are to the other 159,999 people or are just plain ignorant. This latter behavior was embarrassing as my 8 year old grandson noted, "bad words Pa".

I finally put my in car radio on him and he listened to Jeff Gordon communicate with the pits the rest of the race. The drunken hatred these people show for the drivers in just unbelievable. This is well beyond just wearing a t-shirt representing your favored driver. I certainly can appreciate favoring one driver over another at times but all the drivers are risking their lives and bodies to make a living with these animals in the stands screaming at them with beers in hand is just farical. I would just like to take some of these people, put the old harness on them in the Z06 and show them what a few laps at Summit Point is really like. They might show a little respect, then again...

Respectfully,  
Jim Beaupre  
STW!

### Autocrossing Screeches By Paul Hertel

With Old Man Winter approaching, the NVCC Autocross season is coming to a close with just four events left.

We had a pretty good turnout for the 1<sup>st</sup> oval date we had this year on September 11<sup>th</sup> with 16 cars.

Here is our current schedule for the remainder of the year:

ODS Auto-x on the Drag Strip	2004-09-26
ODS Auto-x on the Oval	2004-10-03
Spooktacular	2004-10-09
ODS Auto-x on the Oval	2004-10-16
ODS Auto-x on the Oval	2004-10-31

We are going to end the year with a bang by making the October 16<sup>th</sup> a High Speed (HS) event. That's right. We are taking the cones down and letting everyone see what they can do on a 1/3 mile banked oval. We will make October 31<sup>st</sup> the rain date for the HS event. If it doesn't rain then the 31<sup>st</sup> will be a low speed event.

Hayne (ODS GM) had mentioned that they may let us play on the oval in November as well.

### NVCC 2004 Social Calendar

NVCC Social Calendar October 2004  
Socially Speaking by Laurie Kistner

Corvettes at Carlisle, the mother of all Corvette events, was a total blast! Our elite caravan of 6 beeeautiful 'vettes left Leesburg at 8 AM and took a nice drive up through Point of Rocks, Maryland all the way into Gettysburg, Pennsylvania before descending upon the quaint village of Carlisle, which was transformed into one big city jumping with Corvettes of all years and colors. When we finally arrived at the fairgrounds, swallowed up by 'vette traffic, we were met with parking lots crowded with America's favorite sportscar. It was a veritable sea of 'vettes! Basically, a Corvette lover's dream...

Most spent the day battling the 90-degree heat and gleaming sunshine by strolling through the fairgrounds with bottled water or snow-cone in hand and enjoying vendor displays, car auctioning, parts swap meet, and of course, the new C6. There was even a bubblegum PINK C6 on display.

Personally, I have never seen so many Grand Sports, 35th anniversary triple-whites, and 40th anniversary ruby reds all lined up in huge rows all unto themselves. It was quite amusing to see 20 of the same car...felt kind of like a car dealership with LOTS of inventory!

Definitely a great but BUSY day in the Keystone state...looking forward to the craziness next year already! Mark your calendars...the next Corvettes at Carlisle is August 26-28, 2005. Let's get an even BIGGER caravan for next year's Saturday run...

#### The NVCC event calendar is as follows:

September 18<sup>th</sup> – Something for Everyone Cruise, sponsored by Edie Soles and Raleigh Tiller. For this cruise, we tried to find things that each of you will especially enjoy. As far as the kind of roads we will be on, the first hour or so will be mostly highways. Once we hit Gettysburg and have our lunch, from that point on, the roads will be "Corvette Roads." This cruise will include a stop at Boyd's Bear Country, a small tour of the Battlefield to Round Top and Devil's Den. We will make stops along the way for those of you who may want to take some pictures, so bring your radios so we can keep you informed when we are going to pull off. We will pass the Eisenhower Farm, make a gas stop, drive through a Covered Bridge and stop at a Farmers Market Stand. We will also be stopping to do a little antique shopping, at Emmitsburg Antique Mall on the way back. Please RSVP via email: vet92sixspeed@aol.com (or use the events tab on the club website) no later than September 11th so we can give General Pickett's Buffet a head count. The cost of this meal will be \$8.95, which includes beverage, tax and tip. You can all just give us the money for the meal, as they requested one check. Directions to Kohl's of Leesburg: take Rt. 7 to Leesburg and get

into the lane that says "Frederick". Go to second light and turn right. Kohl's is on the left. This is the perfect time of the year for a cruise of this kind, so get it on your calendar early so you don't miss it. It will pretty much be an all day cruise.

**October 1<sup>st</sup> – 2<sup>nd</sup> – Corvettes at Ocean City**, sponsored by the Free State Corvette Club. Please see [www.freestatecorvette.com](http://www.freestatecorvette.com) for complete registration and event details. **YOU MUST FILL OUT THE REGISTRATION FORM ON THEIR SITE TO PARTICIPATE.** There is something for everyone, including fun and judged shows, rallies, with the highlight of the weekend being the boardwalk parade of corvettes. Act fast, as hotels are booking up very fast.

**October 30<sup>th</sup> – Fall Skyline Cruise.** Corvette Forum's Jim Strathearn is again sponsoring this year's Fall Skyline Drive Cruise. For those that remember past Skyline Cruises, we always have a blast! Usually over 100 'vettes show up. This is also a charity cruise. Here's Jim's website for more info on both the charity and the cruise: [http://home.att.net/~jstrathearn/skyline\\_cruise/skyline\\_main.htm](http://home.att.net/~jstrathearn/skyline_cruise/skyline_main.htm)

I will be heading up the NVCC caravan to this event; let's make it a big one! We will meet at the Newgate Shopping Center parking lot (intersection of Routes 28 and 29 in Centreville) at 7:30 AM, drivers' meeting at 7:45 AM, leaving at 8 AM SHARP! We should arrive at the Front Royal Chevy dealership at around 9:00 AM, where those organizing the cruise will begin distributing goodie bags and door prizes. Representatives from the local Toys for Tots group will be there collecting new, unwrapped toys and donations. They will also have coffee and donuts for us. The local Boy Scout Troop will also be there to assist with parking, etc.

At 10:30 AM we will caravan to the Shenandoah National Park with a police escort so that we can enter the Skyline Drive as a group. Cruise to a scenic overlook and socialize, take pictures, etc. After leaving the overlook, we will caravan down to Brookside Restaurant for lunch. After lunch, we will re-enter the park and reassemble at the Stony Man overlook. From there, we will caravan to the Big Meadows visitor center where we will attempt to take a group picture. The cruise ends at Big Meadows.

Please register in either the forum post, on the events tab on the club website, or e-mail me at [lilredcorvette94@yahoo.com](mailto:lilredcorvette94@yahoo.com) if you wish to join the Centreville

caravan to the cruise starting location. Newgate Shopping Center is conveniently located at the intersection of Routes 28 and 29 in Centreville. It is also accessible via Route 66 exit number 53A. We will meet in the parking lot that faces Route 28. Please be sure to have your 'vettes gassed up and ready to go at 8 AM. Bring your family radios. Be advised I to go at least speed limit and then some on caravans!

Some tentative events in the works are a Halloween parade Wednesday, 10/27; an NVCC/NVMC Sunday Brunch at Fast Eddie's on Sunday, 11/7; and a Dart Night hosted by Wanda and Zoel Robinson in mid-November. I will keep the club posted via the monthly newsletter, club website, online forum and e-mail. Any questions, ideas, concerns, or RSVPs, please shoot an e-mail to [lilredcorvette94@yahoo.com](mailto:lilredcorvette94@yahoo.com).

Respectfully Submitted,

Laurie Kistner

### National Corvette Museum (NCM) Ambassador Corner by Donald Patrick October 2004 **CURRENT NEWS**

#### "Members Only" Receive Flint Brick Special Price

The NCM is offering "members only" a special opportunity to purchase a Historic Flint Brick and choose an engraved serial number up to five digits - for a special price of \$100. The regular price to select a specific serial number has been \$200, but now members have the chance to pick up a Historic Flint Brick engraved with a selected **five digit** number - up to 45,000, with a matching certificate for \$100. **This is the first time that five digit numbers have been open for selecting.** Special brick numbers are available on a first come, first serve basis, and requests will be filled in the order they are received. A listing of the serial numbers that have already been selected is available via our website.

If you place your order by **October 1**, you will also receive a "limited edition" 1953 Corvette Parts Catalog with your Historic Flint Brick purchase. The catalog is a 45-page 1953 Corvette parts catalog for informative resource codes and an 8 X 10 glossy photo of the classic 1953 Corvette shelled in a commemorative envelope. These commemorative pieces of Corvette History are available through October 1, 2004 or while supplies last. Order your Historic Flint Brick online at: <https://www.corvettemuseum.com/flint-bricks/index.shtml> or call (800) 53-VETTE. Once your order is placed, Please allow 4 to 6 weeks for delivery

#### 10<sup>th</sup> Anniversary Event Coverage

Take a look at the exciting activities and fun had by all at the 10<sup>th</sup> Anniversary Celebration this past weekend by viewing event coverage via our website at: [http://www.corvettemuseum.com/labor\\_day/labor04/index.shtml](http://www.corvettemuseum.com/labor_day/labor04/index.shtml)

Over 1400 participants preregistered for the event, and the four-day attendance totaled over 7,000! 58 new Lifetime members joined the Museum over the weekend and donations totaling over \$35,000 was raised towards the Building Campaign. The NCM owes a special thank you to our volunteers and supporters who worked hard throughout the event. We could not do it without your help and support.

#### Congratulations to Our Raffle Winners

This past weekend, the NCM celebrated their 10<sup>th</sup> Anniversary Celebration. As part of the Sunday festivities, they drew the winning tickets for the three Corvette. Although they were not in attendance for the event, hundreds were spectators as the winning tickets were drawn and the calls were made to the winners. Congratulations to:

Bob Berry of York, PA - 2005 Precision Red Corvette.

Allen Lineberry of Liberty, NC - "Build Your Own" Corvette Coupe.

Lon Hicks of Prophetstown, IL - "Last" C5 Coupe.

Photos of these lucky winners will be posted to the website after they take delivery of their new Corvettes.

## FIRST C6 in the NVCC!!

### There is nothing like the smell of a new C6 in the morning or at noon or at ...

By Marsha Batchellor

We all love our Corvettes and the buzz for the last year on the next generation machine has been overwhelming. Jim asked me to provide some impressions, option list and an oooooo!!! factor description. Forthwith:

She has all the bells and whistles except for Onstar/Navigation and XM Radio. I still have a fundamental problem paying for the use of radio. And heck - if I get lost - all the better!!! Means I can spend more time driving around

trying to get "unlost"! Navigation Schmnavigation..... give me an open road and a map and I'm fine! (Where's my rallye navigator when I need him??) Besides the standard LS2 6.0 motor and manual 6 spd transmission, she also comes equipped with the Z51 package which includes the cool cross-drilled rotors! (ed. I can tell you the rotors are cool looking in a STOCK car)

Her official color is Magnetic Red (sort of a gold metal-flake red)... which is very rich in color and depth. She has the new "Cashmere" interior and fully loaded interior/equipment package. She even has a hidden 6 CD changer! (Took me awhile to figure that one out!) The dealer was Ourisman Rockmont Chevrolet in Rockville Maryland Salesman - Andy Miken The dealership was totally "in the groove" on this! They were on top of the order from Day 1 and kept me posted every step of the way. No mark up - no BS... just an MSRP delivered New Baby.

(ed. I contend Marsha could sell this beauty tomorrow and make 5K!)

Date ordered. Early May 2004 (I don't know the exact date)

She was built and born on August 23rd in Bowling Green. She was officially on the truck and in transit on August 30th. We don't know what places she visited on the way to Rockville, but she arrived on Thursday, September 2nd. After a brief social engagement with the BANK (which included the pledge of my first born son, one arm, half a leg and an eye), we arrived to pick her up that evening, September 2nd. After many hours waiting for New Car Get Ready, Gas Up and Finance, we brought her home and tucked her safely in her "bed" by 11:30 pm that night. Can you say "white knuckled drive"??? (Gawd I hate the beltway!)

It was funny driving home.... with other drivers pulling up along side... checking her out.... trying to figure out just exactly what it was! I even had a souped up Mustang roll up along side - wanting me to give it a go! We just smiled and waved.....

First real experience: Put her on the oval at ODS for some slooow laps. Sorry John! ;- ) My 261 miles beats your 300 miles at ODS!

The oooooo factor... The COOLEST oooooo factor was when I brought her to ODS on Saturday..... Everyone's head turned! Very Cool! At ODS a Magnetic red c5 was brought alongside and all admired the difference. (ed. Really brought out the difference in size and shape. C6 is a LOT better looking in real life than the magazine pictures and is smaller.)

I have shown her at both the Sterling Classic (did not win any awards) and was swamped with attention from spectators and participants alike. She was one of the more popular attractions at the show. First kid on the block - so to speak.

I also just showed her at the Herndon Car Show last Sun. 9/12 - and again - she was the hit of the show. Sort of like a novelty! She beat out a really spectacular 2003 - 50th Anniv. for "Best in Class"!!! There was a huge "following" of supporters! Herndon HCTV Channel 23 also interviewed her (me) and it will be televised with the rest of the show on Friday, 9/17.

Other fun - has been commuting the Dulles Toll Road with her.... Besides being quite a spectator issue - she has caused at least ONE accident that I know of. Some poor sap in a Mustang was gawking from the right lane as I rolled along in the left. Poor dude didn't see the Camry in front of him stop..... She was not a happy camper. Looks like they'll BOTH be spending some time in the body shop!

Marsha using her 50 thousand dollar mirror!
